# Accessibility statement for Social Explorer

---

We want everyone who visits the Social Explorer website to feel welcome and find the experience rewarding.

## What are we doing?

To help us make the Social Explorer a positive place for everyone, we've been using the [Web Content Accessibility Guidelines \(WCAG\) 2.1](#). Guidelines are issued by the [Web Accessibility Initiative \(WAI\)](#) of the [World Wide Web Consortium \(W3C\)](#) and they explain how to make web content more accessible for people with disabilities, and user friendly for everyone.

The VPAT documents and our Accessibility Roadmap for each of our products are available in digital format under the [508 Compliance section](#).

## How are we doing?

We are working hard to achieve our goal of Level AA accessibility for the Website, Dashboard, Maps, and Reports apps, but we realize there are some areas that still need improving. For detailed information on our progress and efforts please read our [Accessibility Roadmap](#).

Our products are tested and monitored regularly to incorporate features that enhance accessibility and usability for people with disabilities. All our design and development

guidelines have been created with accessibility in mind.
